**GIVING AND SHARING:** Pulai Springs Resort remembers the less fortunate

**P**ULAI Springs Resort recently treated 35 children from the Johor Spastic Children's Association to a buka puasa meal.

The annual charity event was part of the resort's corporate social responsibility programme to give back to the community and help the less fortunate.

General manager Tengku Ahmad Faizal Tengku Mohamed and staff welcomed the boys and girls from the association at the resort's Dewan Inderaputera.

The event started with the recitation of doa by a home employee and continued with the breaking of fast.

The children were given kurma to eat before they performed the Maghrib prayers.

After prayers, the children were treated to a sumptuous spread of traditional and local delicacies, all prepared by executive sous chef Razif Aliman.

"Our team believes in the spirit of sharing and caring, especially during the festive occasions when these children need more love and attention," said Tengku Faizal in his speech.

He said the resort's main objective was to remember the less fortunate during this season of giving and sharing and to make them a part of the festive celebration.

"This is an annual event and Pu-

lai Springs Resort looks forward to celebrating many more occasions with the underprivileged and sharing the company's success

with them."

Also present was association chairman Tunku Yan Nazihah Tunku Laksamana Nasir.

The evening ended with Tengku Faizal handing out duit raya to the children.

The duit raya came from the resort

staff's contribution.

After a group photograph, the children made their way home with smiles on their faces.
